SUMMARY

Enthusiastic Software Developer with one year of experience making the best use of **ReactJS**, **NodeJS**, **HTML5**, and **CSS3** on user-friendly side projects. Additionally, pursuing a **Master's Degree in Full Stack Web Development** to develop new abilities, follow industry trends, and deliver exceptional up-to-date work to employers. I am currently looking to work alongside a team of expert developers and improve my hard skills. In return, I would take advantage of my **communication**, **leadership**, **analytical thinking**, and **problem-solving** skills and offer my utmost **commitment** to the team.

TECHNICAL SKILLS

Express JS	Responsive Design
HTML5	Microsoft Office Applications
CSS3	
SASS	
Git	Fluent in English
GitHub	Fluent in Italian
Google APIs	Fluent in Portuguese

WORK EXPERIENCE

GENERAL MANAGER - Maître Choux London
Ago 2019 - Currently

- ✓ Professionally responding and analysing customer's pressures, complaints, and concerns.
- ✓ Working alongside other managers to develop new strategies to optimise and expand online and physical store traffic.
- ✓ Working well under pressure and adhere to strict deadlines.
- ✓ Supervising and coordinating supplier's orders, monitoring inventory levels, and decreasing operating costs.
